

NOZZLE VACUUM SEALER W/ GAS FLUSH & SELF-CONTAINED

CAVN-SERIES

sealersales

Plug-N-Play Unit - No Compressor Required

- 100% Maintenance Free Venturi Vacuum Pump
- Gas Flush
- Intuitive Design
- Extensive Safety Features
- Rust Treated Powder Coated Steel Chassis
- Clean Room Compatible
- Two Year Warranty

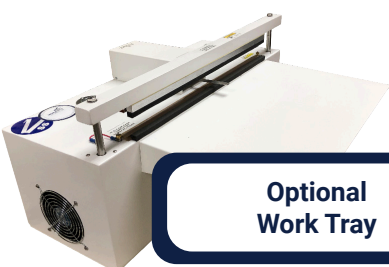

**MADE
IN THE USA**

Completely self-contained, the **CAVN-Series Vacuum Sealers** are ready to perform out of the box, giving greater flexibility for placement locations within your facility. The CAVN-Series features an internal air compressor, eliminating the need for an external air compressor in addition to its gas flush capabilities.

With a streamlined design and high-quality components, the CAVN is defined by its plug-and-play retractable nozzle and gas purge vacuum sealing functionality. At the push of a foot pedal the CAVN flushes oxygen and moisture out of your packages with an inert gas (of your choice); its automated stainless-steel nozzle then subsequently retracts before its 1/4" wide-sealing element delivers a leak proof seal to seal a variety of flexible bags including clear, foil (Mylar), mil spec and ESD bags. In a matter of seconds your components are sealed and protected from the threats of oxygen and moisture.

The CAVN leads the industry in seal speed while delivering clean wrinkle-free seals without any bag distortion. Of key significance, like the AVN, AVP and AVS, the CAVN will not fire an impulse until the upper and lower jaw completely meet, further ensuring operator safety and uncompromised seal integrity.

SPECIFICATIONS	CAVN-20	CAVN-30
SEALING LENGTH	20"	30"
SEAL WIDTH	1/4"	1/4"
AIR REQUIREMENTS	NONE	NONE
VACUUM FLOW (CFM)	1.6	1.6
MAX VACUUM PRESSURE (inHG)	27	27
AMPS@120 VOLTS AC	10	15
DIMENSIONS (LxWxH)	28" x 10" x 12"	40" x 10" x 12"
WEIGHT (LB)	NET: 57 / GROSS: 65	NET: 75 / GROSS: 85

Optional
Work Tray

ADDITIONAL OPTIONS

- Bi-Active Seal
- Stainless Steel Upgrade
- CE Certification
- Vacuum Filter
- Vacuum Regulator
- Voltage: 220V
- Dual Nozzle
- Digital Temperature Controller
- Working Tray - 20" x 12"
