sealersales

Smallest Footprint Band Sealer - Lightweight & Compact

- Lightweight and easy to operate
- Auto shut off
- Touch screen controller (0-200C)
- Available in six fun colors
- Recommended for materials such as polyethylene, polypropylene, laminated foil

Meet the New CBS-640 Portable Band Sealer – Compact, Efficient, and Built for Small Workspaces

Designed for businesses that need a powerful sealer without taking up extra space, the CBS-640 is compact, lightweight (just 12 pounds), and packed with user-friendly features. Equipped with a responsive touchscreen control panel, this versatile sealer handles polyethylene (LDPE, MDPE, HDPE), polypropylene, and laminated foils with ease. Note: We do not recommend gusseted bags for this model.

The CBS-640 delivers a robust 10mm (1/2") wide seal, placed 38mm (1.5") from the top of each bag, making it ideal for various applications. Plus, it's available in five vibrant colors – blue, orange, black, green, pink and white – adding a splash of personality to any workspace.

Streamlined and easy to maneuver, the CBS-640 is an excellent choice for facilities with limited room, bringing efficiency and style to your packaging line without expanding your footprint.
